

## HOW TO WATCH THE FORMULA 1 MONACO GRAND PRIX

*May 13, 2014*

For those poor souls who weren't able to get their mega-yachts to Monte Carlo in time for the **Formula 1 Grand Prix** – or for those who just want some company – My Yacht Monaco is offering an exclusive 4-day experience for guests to celebrate the annual sporting event in true style.

Taking place from May 22-25, guests who opt to join the My Yacht Monaco program will receive access to board the private 181-ft. superyacht “**Turquoise**,” moored in a prime berth on the Quay Kennedy straightaway, in plain view of the Grand Prix races.

Throughout the weekend at private events, guests will be able to mingle with some of the globe's most powerful and illustrious figures, which in the past have included Prince Albert II and Princess Charlene of Monaco themselves. Each event involves lots of scrumptious food and drink including massive amounts of caviar and champagne. Of course.

Best part? While the yacht is moored in the bay, guests get to arrive in private high-speed tenders, whisking them away from the populus and arriving in true style.
